## PART I

### GENERAL INFORMATION

**I-1. Purpose.** The Pennsylvania Turnpike Commission (Commission) seeks to retain the services of one or more Appraisers or Appraisal Firms experienced in the appraisal of real estate both generally and pursuant to the requirements of the Pennsylvania Eminent Domain Code, as well as Appraisers or Appraisal Firms experienced in the appraisal of machinery, equipment and inventory (Appraisers). Through this Request for Qualifications (RFQ) process, the Commission seeks to appoint a pool or pools of Appraisers who will be available to provide such appraisal services as needed from time to time. Please note that inclusion in the pool does not guarantee or provide assurances that an Appraiser will be selected to provide appraisal services to the Commission.

This RFQ provides interested Appraisers with sufficient information to enable them to prepare and submit statements of qualification for consideration by the Commission to satisfy a need for appraisal services. Appraisers wishing to be considered for inclusion in the pool should respond to this RFQ in all respects.

The Commission reserves the right to retain appraisers to provide appraisal services which are not included in the pool(s). Such selection may be based on complexity and such other factors as the Commission deems, in its sole discretion, relevant.

Following the creation of the pool, the Commission reserves the right, in its sole and absolute discretion, to add or remove Appraisers from the pool at any time.

#### **I-2. Background.**

##### ***The Turnpike System***

The present system is composed of the following: a 359 mile Turnpike Mainline traversing the southern portion of Pennsylvania from east to west, a 110 mile north-south section identified as the Northeast Extension, a 16 mile north-south connection, known as the Beaver Valley Expressway which intersects the Turnpike Mainline in the southwestern portion of the Commonwealth, the 13 mile Amos K. Hutchinson Bypass, which adjoins the Turnpike Mainline near the New Stanton Interchange, a 23-mile section of the Mon/Fayette Project, an eight mile section from the Pennsylvania/West Virginia border to Fairchance, which is located just south of Uniontown, and the first part of the Southern Beltway, the Findlay Connector near Greater Pittsburgh International Airport. When completed, the Mon/Fayette Expressway will extend 65 miles from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh.

The Pennsylvania Turnpike System has a total of 57 interchanges which connect it with major arteries and population centers in its 531 mile traffic corridor. Thirty of the interchanges are located on the Turnpike Mainline, including Turnpike Mainline barriers at the New Jersey and Ohio state lines, and 10 interchanges are situated on the Northeast Extension. The additional 17 interchanges are located on the three extensions previously noted. There are 17 service plazas along the Pennsylvania Turnpike System providing gasoline and diesel fuel, other automotive supplies and services, and restaurant services.

**I-3. Issuing Office.** This RFQ is issued for the Commission by the **Office of the Chief Counsel, Legal Affairs Department**. All questions regarding this RFQ must be directed to the Commission pursuant to the process identified in Section I-10 below. No questions will be addressed except through such process.

**I-4. Scope.** This RFQ contains instructions governing the statements of qualification to be submitted and the material to be included therein; a description of the service to be provided; requirements which must be met to be eligible for consideration; general evaluation criteria; and other requirements to be met by each statement of qualifications.

**I-5. Problem Statement.**

A. *General Description*

The Commission is soliciting statements of qualifications from appraisers and appraisal firms for the purpose of creating a pool or pools of potential appraisers to provide appraisal services for real estate as well as for the appraisal of machinery, equipment and inventory. Such selection may be made with or without the issuance of a subsequent Request for Proposals with respect to a specific transaction.

The Commission does not intend to name all Appraisers that could potentially be deemed “qualified” to the pool, but rather intends to select those firms that best meet the Commission’s selection criteria, as identified in Section III-3 of this RFQ.

B. *Requested Services*

Appraisal services for real estate, both generally and pursuant to the requirements of the Pennsylvania Eminent Domain Code. Appraisal services for machinery, equipment and inventory.

**I-6 Type of Contract.** It is proposed that if a contract is entered into as a result of this RFP, work will be assigned on an open-end contract basis.

**I-7. Rejection of Statements of Qualification.** The Commission reserves the right to reject any and all Statements of Qualification received as a result of this request.

**I-8. Subcontracting.** Any use of subcontractors by a Proposer must be identified in the proposal. During the contract period use of any subcontractors by the selected Proposer, which were not previously identified in the proposal, must be approved in advance in writing by the Commission.

A firm that responds to this solicitation as a prime may not be included as a designated subcontractor to another firm that responds to the same solicitation. **Multiple responses under any of the foregoing situations may cause the rejection of all responses of the firm or firms involved.** This does not preclude a firm from being set forth as a designated subcontractor to more than one prime contractor responding to the project advertisement.

**I-9. Incurring Costs.** The Commission is not liable for any costs incurred by Respondents in their preparation and submission of Statements of Qualification, in participating in the RFQ process or in anticipation of award of real estate appraisal opportunities.

**I-10. Questions and Answers.** Written questions may be submitted to clarify any points in the RFQ which may not have been clearly understood. Written questions should be submitted via email to [RFP-Q@paturndpike.com](mailto:RFP-Q@paturndpike.com) with "RFQ 11-10190-3287" in the subject line to be received no later than **2:00 pm, EDT, Tuesday, September 6, 2011**. All questions and written answers will be posted to the website as an addendum to and become part of this RFQ. No questions regarding the RFQ will be addressed except through this process.

**I-11. Addenda to the RFQ.** If it becomes necessary to revise any part of this RFQ before the response date, addenda will be posted to the Commission's website under the original RFQ document. It is the responsibility of all Respondents to periodically check the website for any new information or addenda to the RFQ.

The Commission may revise a published advertisement. If the Commission revises a published advertisement less than ten days before the RFQ due date, the due date will be extended to maintain the minimum ten-day advertisement duration if the revision alters the project scope or selection criteria. Appraisers are responsible to monitor advertisements/addenda to ensure the submitted proposal complies with any changes in the published advertisement.

**I-12. Response.** To be considered, Statements of Qualification must be delivered to the Pennsylvania Turnpike Commission's Contracts Administration Department, Attention: Donald S. Klingensmith, P.E., Manager of Contracts Administration, on or before **12:00 pm EDT, Wednesday, September 28, 2011**. The Pennsylvania Turnpike Commission is located at 700 South Eisenhower Boulevard, Middletown, PA 17057 (Street address). Our mailing Address is P. O. Box 67676, Harrisburg, PA 17106.

**Please note that use of U.S. Mail, FedEx, UPS, or other delivery method, does not guarantee delivery to this address by the above-listed time for submission.** Proposers mailing proposals should allow sufficient delivery time to ensure timely receipt of their proposals. If the Commission office location to which proposals are to be delivered is closed on the proposal response date, due to inclement weather, natural disaster, or any other cause, the deadline for submission shall be automatically extended until the next Commission business day on which the office is open. Unless the Proposers are otherwise notified by the Commission, the time for submission of proposals shall remain the same.

**I-13. Statements of Qualifications.** To be considered, Respondents should submit a complete response to this RFQ, using the format provided in PART II. Each Statement of Qualifications should be submitted in **six (6)** hard copies to the Contract Administration Department. No other distribution of Statements of Qualification will be made by the Respondent. Each page should be numbered for ease of reference. Statements of Qualification must be signed by an official authorized to bind the Respondent to its provisions and include the Proposer's Federal Identification Number.

**I-14. Economy of Preparation.** Statements of Qualifications should be prepared simply and economically, providing a straightforward, concise description of the Respondent's ability to meet the requirements of the RFQ. For submissions, the body (in response to Part II-D – II-F) of the proposal shall not exceed twenty (20) pages of 12 point type, excluding required tables and appendices.

**I-15. Discussions for Clarification.** Proposers who submit Statements of Qualifications may be required to make an oral or written clarification of their proposals to the Issuing Office to ensure thorough mutual understanding and Proposer responsiveness to the solicitation requirements. The Issuing Office will initiate requests for clarification.

**I-16. Statement of Qualifications Contents.** Statements of Qualifications will be held in confidence and will not be revealed or discussed with competitors, unless disclosure is required to be made (i) under the provisions of any Commonwealth or United States statute or regulation; or (ii) by rule or order of any court of competent jurisdiction. All material submitted with the statement becomes the property of the Commission and may be returned only at the Commission's option. Statements of Qualifications submitted to the Commission may be reviewed and evaluated by any person other than competing Respondents at the discretion of the Commission. The Commission has the right to use any or all ideas presented in any response. Selection or rejection of the responding firm does not affect this right.

In accordance with the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. § 67.707 (Production of Certain Records), Respondents shall identify any and all portions of their Statement of Qualifications that contains confidential proprietary information or is protected by a trade secret. Statements of Qualifications shall include a written statement signed by a representative of the company/firm identifying the specific portion(s) of the response that contains the trade secret or confidential proprietary information.

Respondents should note that "trade secrets" and "confidential proprietary information" are exempt from access under Section 708(b)(11) of the RTKL. Section 102 defines both "trade secrets" and "confidential proprietary information" as follows:

Confidential proprietary information: Commercial or financial information received by an agency: (1) which is privileged or confidential; **and** (2) the disclosure of which would cause substantial harm to the competitive position of the person that submitted the information.

Trade secret: Information, including a formula, drawing, pattern, compilation, including a customer list, program, device, method, technique or process that: (1) derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; **and** (2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software by an agency under a licensing agreement prohibiting disclosure.

65 P.S. §67.102 (emphasis added).

The Office of Open Records has determined that a third party must establish a trade secret based upon factors established by the appellate courts, which include the following:

- the extent to which the information is known outside of his business;
- the extent to which the information is known by employees and others in the business;
- the extent of measures taken to guard the secrecy of the information;
- the value of the information to his business and to competitors;
- the amount of effort or money expended in developing the information; and
- the ease of difficulty with which the information could be properly acquired or duplicated by others.

*See Crum v. Bridgestone/Firestone North Amer. Tire., 907 A.2d 578, 585 (Pa. Super. 2006).*

The Office of Open Records also notes that with regard to “confidential proprietary information the standard is equally high and may only be established when the party asserting protection shows that the information at issue is either ‘commercial’ or ‘financial’ and is privileged or confidential, and the disclosure *would* cause substantial competitive harm.” (emphasis in original).

For more information regarding the RTKL, visit the Office of Open Records’ website at [www.openrecords.state.pa.us](http://www.openrecords.state.pa.us).

**I-17. Debriefing Conferences.** Respondents whose firms are not selected to be included in the pool or pools will be notified of the name of the selected respondents and given the opportunity to be debriefed, at their request. The Issuing Office will schedule the time and location of the debriefing. The Respondent will not be compared with other respondents.

**I-18. News Releases.** News releases pertaining to this project will not be made without prior Commission approval, and then only in coordination with the Issuing Office.

**I-19. Term of Appointment.** The Commission intends that the pool or pools established pursuant to this request will remain in effect for three years, but reserves the right to extend the term of the pool or pools for up to three (3) one-year extensions.

**I-20. Respondent’s Representations and Authorizations.** Each Respondent by submitting its Statement of Qualifications understands, represents, and acknowledges that:

- a. All information provided by, and representations made by, the Respondent are material and important and will be relied upon by the Issuing Office in establishing pools. Any misstatement, omission or misrepresentation shall be treated as fraudulent concealment from the Issuing Office of the true facts relating to the submission of this Statement of Qualifications. A misrepresentation shall be punishable under 18 Pa. C.S. § 4904.
- b. To the best knowledge of the person signing the proposal for the Respondent, the Respondent, its affiliates, subsidiaries, officers, directors, and employees are not currently under investigation by any governmental agency and have not in the last four (4) years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding or proposing on any public contract, except as disclosed by the Respondent in its Statement of Qualifications.
- c. To the best of the knowledge of the person signing the proposal for the Respondent and except as otherwise disclosed by the Respondent, the Respondent has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any state tax liability not being contested on appeal or other obligation of the Respondent that is owed to the Commonwealth.

- d. The Respondent is not currently under suspension or debarment by the Commonwealth, or any other state, or the federal government, and if the Respondent cannot certify, then it shall submit along with the Statement of Qualifications a written explanation of why such certification cannot be made.
- e. Each Respondent, by submitting its Statement of Qualifications, authorizes all Commonwealth agencies to release to the Commission information related to liabilities to the Commonwealth including, but not limited to, taxes, unemployment compensation, and workers' compensation liabilities.
- f. The Respondent has not, under separate contract with the Commission, made any recommendations to the Commission concerning the need for the services described in the RFQ.

**Prospective Respondents: You are hereby notified of the following information in regard to the referenced RFP:**

Following are the answers to questions submitted in response to the above referenced RFQ as of September 6, 2011. All of the questions have been listed verbatim, as received by the Pennsylvania Turnpike Commission.

1. "Will the awarded firm be doing Appraisal Services AND Review or is Appraisal Services OR Review. In other words, will the awarded firm be doing both or just one?"

***The Commission intends to utilize the qualified pool for both appraisal and appraisal review services.***

2. "Can an employee of a responding firm be identified as a staff member of two different prime contractors?"

**Yes.**

3. "Is the Turnpike considering developing an RFQ for Appraisal Review Services? If so, may a respondent's name appear on a proposal for Appraisal Services under current RFQ #11-10190-3287 and also appear on any future RFQ for Appraisal Review Services?"

***At this time the Commission does not intend to advertise a separate RFQ for only appraisal review services.***

4. "Is this a 2 part RFQ (Real Estate and Machinery & Equipment). Can a quote be provided for 1 part (Machinery & Equipment) without offering a quote for the Real Estate part?"

***Yes. The same is true if a respondent is requesting qualifications for only real estate appraisal services. Respondent should clearly state the service for which it is requesting qualification.***

All other terms, conditions and requirements of the original RFQ dated August 24, 2011 remain unchanged unless modified by this Addendum.
