PART I

GENERAL INFORMATION FOR RESPONDENTS

I-1. Purpose. The Pennsylvania Turnpike Commission (Commission) seeks to retain the services of one or more legal (firms) experienced in municipal bond financings to provide Bond, Underwriter, Disclosure, or Special Counsel Services. Through this Request for Qualifications (RFQ) process, the Commission seeks to establish a pool or pools of qualified firms who will be available to serve the Commission as Counsel on bond issuances as needed from time to time. Please note that inclusion in the pool(s) does not guarantee or provide assurances that a firm will be selected to serve as counsel on a Commission public finance transaction. There should be no expectation of a rotation of firms providing Legal services to the Commission and the Commission reserves the right to include or exclude any firm in its counsel pool(s) or to include or exclude any firms from any Commission public finance transaction.

This RFQ provides interested firms with sufficient information to enable them to prepare and submit statements of qualifications for consideration by the Commission to satisfy a need for Bond, Underwriter, Disclosure, or Special Counsel Services. Firms wishing to be considered should respond to this RFQ in all respects. Firms should identify whether they wish to be considered for qualification as lead counsel, counsel and/or co-counsel. The Commission reserves the right, in its sole discretion, to select a firm to serve as lead counsel, counsel or co-counsel.

The Commission also reserves the right to retain a law firm(s) to serve as Counsel which is not included in the pool(s). Such selection may be based on the public finance transaction's complexity, size and such other factors as the Commission deems, in its sole discretion, relevant to a particular financing.

Note following the creation of the pool(s), the Commission reserves the right, in its sole and absolute discretion, to add or remove firms from the pool(s) at any time. The Commission also reserves the right, in its sole and absolute discretion, to select Counsel from any pool(s) or from outside the pool(s) to serve as Counsel on a Commission public finance transaction.

I-2. Background.

A. The Turnpike System

The present system is composed of the following: a 359 mile Turnpike Mainline traversing the southern portion of Pennsylvania from east to west, a 110 mile north-south section identified as the Northeast Extension, a 16 mile north-south connection, known as the Beaver Valley Expressway which intersects the Turnpike Mainline in the southwestern portion of the Commonwealth, the 13 mile Amos K. Hutchinson Bypass, which adjoins the Turnpike Mainline near the New Stanton Interchange, a 48-mile section of the Mon/Fayette Project, and the first 6-mile section of the Southern Beltway, the Findlay Connector, near Greater Pittsburgh International Airport. When completed, the Mon/Fayette Expressway will extend 65 miles from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh and the Southern Beltway Expressway will extend 32 miles from Interstate Route 376 near the Greater Pittsburgh International Airport to the Mon/Fayette Expressway near Finleyville.

The Pennsylvania Turnpike System has a total of 79 interchanges which connect it with major arteries and population centers in its 552 mile traffic corridor. Thirty-two of the interchanges are located on the Turnpike Mainline, 11 interchanges are situated on the Northeast Extension, and 36 interchanges on the western extensions. The Turnpike system contains 68 toll plazas which are predominantly at the interchanges, with 14 barrier tolling points. There are 17 service plazas along the Pennsylvania Turnpike System providing gasoline and diesel fuel, other automotive supplies and services, and restaurant services.

B. Financial Condition and Outlook

As of January 26, 2017, the Commission had over \$11.7 billion in long-term debt, issued under four separate indentures. Outstanding debt and debt ratings are as follows:

	<u>Outstanding Debt</u> <u>\$(000s)</u>	<u>Ratings (M,S&P,F)</u>
Mainline Senior Revenue	\$4,895,850	A1, A, A+,
Mainline Subord. Revenue	\$4,809,669	A3, A-, A-,
Motor License Fund	\$990,947	A2 ,NR,AA-
Oil Franchise Tax Revenue	\$646,666	Aa3, AA, AA (Sr.); A2, A+, A+ (Sub.)
Registration Fee Revenue	\$394,695	Aa3, A, AA-

Toll revenue for the fiscal year ended May 31, 2016 exceeded \$1,030 million, and is expected to increase in FY 2017 due to toll increases that were implemented in January 2016 and 2017. Preliminary and unaudited estimates indicate FY 2017 toll revenues of approximately \$586 million for the first 6 months of the fiscal year. The Commission also receives revenue annually from the Commonwealth from oil company franchise taxes and motor license registration fees totaling approximately \$150 million.

C. Capital and Financing Plan

The Commission prepares a ten-year capital plan and financing plan which shows anticipated funding sources, including Commission funds and revenue bonds. The capital plan currently addresses projects estimated at approximately \$5.62 billion scheduled for construction through fiscal year 2026.

D. Enabling Statutes

On July 18, 2007, Pennsylvania Governor Edward G. Rendell signed Act 44 into law, creating a “public-public partnership” between the Commission and PennDOT to provide funding for roads, bridges, and transit throughout the Commonwealth, thus greatly expanding the Commission’s previous focus on operating and improving the Turnpike. Under Act 44, a Lease and Funding Agreement was entered into between the Commission and PennDOT. The Funding Agreement contains certain provisions dealing with various items including, among other things, the payment by the Commission of annual payments to PennDOT, and the issuance of special revenue bonds by the Commission.

Act 44 and the Funding Agreement require the Commission to submit an annual financial plan to the Secretary of the Budget on or before June 1 of each year that describes the Commission's operating and capital expenditures, borrowings, liquidity and other financial management covenants and policies, estimated toll rates and all other revenues and expenditures for the ensuing fiscal year. Act 44 provides that the financial plan shall demonstrate that the operation of the Commission can reasonably be expected to generate sufficient funds to make payments to PennDOT pursuant to the Funding Agreement and Act 44 during the ensuing and future fiscal years. The most recent Act 44 Financial Plan can be found at www.paturnpike.com under the Financial/Planning-Investor Relations link.

On November 25, 2013, Act 89 was enacted to provide substantial additional and sustained investment in the Commonwealth's aging transportation infrastructure. Act 89 also enacted substantial revisions to the Commission's transportation funding obligations under Act 44 and authorized the Commission and PennDOT to immediately amend the Act 44 Funding Agreement to reflect the statutory provisions of Act 89. The Commission and PennDOT have executed an amendment to the Act 44 Funding Agreement (the "*Act 89 Amendment*" and together with the Act 44 Funding Agreement, the "*Amended Funding Agreement*"). The Amended Funding Agreement will terminate on October 14, 2057.

All material submitted with the statement becomes the property of the Pennsylvania Turnpike Commission and may be returned only at the Commission's option. Statements of Qualifications submitted to the Commission may be reviewed and evaluated by any person other than competing Respondents at the discretion of the Commission. The Commission has the right to use any or all ideas presented in any response. Selection or rejection of the responding firm does not affect this right.

In accordance with the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. § 67.707 (Production of Certain Records), Respondents shall identify any and all portions of their Statement of Qualifications that contains confidential proprietary information or is protected by a trade secret. Statements of Qualifications shall include a written statement signed by a representative of the company/firm identifying the specific portion(s) of the response that contains the trade secret or confidential proprietary information.

Respondents should note that "trade secrets" and "confidential proprietary information" are exempt from access under Section 708(b)(11) of the RTKL. Section 102 defines both "trade secrets" and "confidential proprietary information" as follows:

Confidential proprietary information: Commercial or financial information received by an agency: (1) which is privileged or confidential; **and** (2) the disclosure of which would cause substantial harm to the competitive position of the person that submitted the information.

Trade secret: Information, including a formula, drawing, pattern, compilation, including a customer list, program, device, method, technique or process that: (1) derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; **and** (2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software by an agency under a licensing agreement prohibiting disclosure.

65 P.S. §67.102 (emphasis added).

The Office of Open Records has determined that a third party must establish a trade secret based upon factors established by the appellate courts, which include the following:
the extent to which the information is known outside of his business;

the extent to which the information is known by employees and others in the business;
the extent of measures taken to guard the secrecy of the information;
the value of the information to his business and to competitors;
the amount of effort or money expended in developing the information; and
the ease of difficulty with which the information could be properly acquired or duplicated by others.

See Crum v. Bridgestone/Firestone North Amer. Tire., 907 A.2d 578, 585 (Pa. Super. 2006).

The Office of Open Records also notes that with regard to “confidential proprietary information the standard is equally high and may only be established when the party asserting protection shows that the information at issue is either ‘commercial’ or ‘financial’ and is privileged or confidential, and the disclosure *would* cause substantial competitive harm.” (emphasis in original).

For more information regarding the RTKL, visit the Office of Open Records’ website at www.openrecords.state.pa.us.

Respondents whose firms are not selected to be included in the pool or pools will be notified of the name of the selected respondents and given the opportunity to be debriefed, at their request. DIVERSE BUSINESS (DB) REQUIREMENTS

Diverse Business Participation. The Commission is committed to Diverse Business (DB) participation on competitive contracting opportunities. Firms or entities that have not previously performed work or provided services to the Commission are encouraged to respond to the solicitations. RFPs may include DB participation as part of the criteria for the evaluation of proposals, and the Commission may consider DB participation as a selection factor.

Minimum Participation Level (MPL). The minimum participation level (MPL) for the inclusion of DBs will be established in the RFP/advertisement as a percentage.

(a) General Requirements. Section 303 of Title 74 of the Pennsylvania Consolidated Statutes, 74 Pa.C.S. § 303, requires proposer on contracts funded pursuant to the provisions of Title 74 (Transportation) and 75 (Vehicle Code) administered and issued by the Commission to make Good Faith Efforts to solicit subconsultants that are Diverse Businesses (DBs) as defined in Section 303. The DB requirements of Section 303 apply to this contract.

Section 303 requires proposers to make Good Faith Efforts, as described below, to solicit subconsultants that are DBs during the proposal process to maximize participation of DBs in competitive contracting opportunities.

The Commission is committed to participation by DBs and will enforce the requirements of Section 303 and this section. Failure to make Good Faith Efforts and demonstrate such Good Faith Efforts in the solicitation of subconsultants may result in the proposer being declared ineligible for the contract.

Proposers shall document and submit to the Commission all Good Faith Efforts, as described in this section, to solicit subconsultants that are DBs during the solicitation process.

Proposers are encouraged to utilize and give consideration to consultants offering to utilize DBs in the selection and award of contracts.

The proposer is required to provide the business name and business address of each DB and supporting documentation that includes proof of certification.

If the consultant’s proposal demonstrates the consultant’s inability to meet the MPL established for this contract, the proposer shall demonstrate Good Faith Efforts with its proposal. Failure to submit the required documentation demonstrating Good Faith Efforts as further described below with the proposal may result in a rejection of the proposal.

- b. If no MPL has been established for this contract, the proposer is required to either provide a statement of intent that it will self-perform 100% of the work for the agreement, or demonstrate Good Faith Efforts to solicit subconsultants that are DBs. In either case documentation shall be provided with the proposal.

Failure to submit the required information identified above with the proposal may result in a rejection of the proposal.

2. Good Faith Effort Requirements: The documentation of Good Faith Efforts must include the business name and business address of each DB considered. Supporting documentation must also include proof of certification and any explanation of Good Faith Efforts the proposer would like the Commission to consider. Any services to be performed by a DB are required to be readily identifiable to the agreement. Good Faith efforts are demonstrated by seeking out DB participation in the project given all relevant circumstances. The Commission requires the proposer to demonstrate more than Pro Forma Efforts. Evidence of Good Faith Efforts includes, but is not limited to:

- a. Consultant solicits through all reasonable and available means the interest of all certified DBs with the capacity to perform the scope of work set forth in the agreement.

- d. The proposer must make efforts to select portions of the work to be performed by DBs to include, where appropriate, breaking out contract work into economically feasible units to facilitate DB participation;
- e. It is the proposer's responsibility to make a portion of the work available to DBs and, to select those portions of the work, so as to facilitate DB participation.
- f. The proposer shall provide evidence of such negotiations that include the names, addresses, and telephone numbers of DBs considered; A description of the information provided regarding the required work and services for the work selected for subconsultants; and evidence as to why additional agreements could not be reached for DBs to perform the work.
- g. Proposers cannot reject or withhold solicitation of DBs as being unqualified without sound reasons based on a thorough investigation of their capabilities.
- h. The DB's standing within its industry, membership in specific groups, organizations or associations and political or social affiliations (for example union v. non-union employee status) are not legitimate causes for the rejection or non-solicitation of proposals in the proposer's efforts to meet the Good Faith Efforts requirement.
- i. Efforts to assist interested DBs in obtaining bonding, lines of credit or insurance.

3. Actions Taken by the Commission. As part of the proposal review process, the Commission will review the submissions to determine whether the proposer has complied with Section 303 and this requirement in the selection of DB subconsultants. The Commission will determine whether the proposer has either met the MPL or provided acceptable documentation as noted above. The Commission reserves the right to contact proposers for clarification during the review and negotiation process.

If the Commission determines that the proposer has failed to either meet the MPL or provide acceptable documentation as noted above, the proposal may be rejected.

(d) Consultant Requirements During Performance of Services.

1. Replacement of a DB Subconsultant. Consultant must continue good faith efforts through completion of the contract. The obligation to make Good Faith Efforts to solicit subconsultants for any type of service extends to additional work required for any service which is identified to be performed by a DB. If at any time during the performance of the work, it becomes necessary to replace or add a subconsultant that is a DB, the consultant, as appropriate, shall immediately notify the Commission and seek approval in writing in accordance with the Agreement of the need to replace the DB, which notice shall include the reasons for the replacement. If a prime consultant who originally indicated that it would self-perform all work subsequently decides to use a subconsultant for any work under the contract, the consultant must submit documentation of all Good Faith Efforts as to the work for which a subconsultant is obtained.

2. Records. Maintain project records as are necessary to evaluate DB compliance and as necessary to perform the reporting function addressed below. 4.b. Prime consultant will not impose provisions on DB subconsultants that are more onerous or restrictive than the terms of the prime's contract with non-DBs.

4.c. Executed copies of subcontracts/purchase orders are to be received by the Commission before the commencement of work by the DB.

5. Payments to DB Subconsultants. Payments to DBs are to be made in accordance with the prompt payment requirements of Chapter 39, Subchapter D of the Procurement Code, 62 Pa.C.S. §3931 et seq. Performance of services by a DB subconsultant in accordance with the terms of the contract entitles the subconsultant to payment.

(e) Actions to be Taken by Commission After Performance of Services. Following completion of the Consultant's services, the Director of the Commission's Office of Diversity and Inclusion or his/her designee will review the overall DB participation to assess the Consultant's compliance with Section 303 and this contract. Appropriate sanctions may be imposed under 62 Pa.C.S. § 531 (relating to debarment or suspension) for a Consultant's failure to comply with Section 303 and the requirements of the contract.
