GENERAL INFORMATION

I-1. Purpose. The Pennsylvania Turnpike Commission (Commission) seeks to retain the services of one or more Appraisers or Appraisal Firms experienced in the appraisal of real estate both generally and pursuant to the requirements of the Pennsylvania Eminent Domain Code, as well as Appraisers or Appraisal Firms experienced in the appraisal of machinery, equipment and inventory (Appraisers). Through this Request for Qualifications (RFQ) process, the Commission seeks to appoint a pool or pools of Appraisers who will be available to provide such appraisal services as needed from time to time. Please note that inclusion in the pool does not guarantee or provide assurances that an Appraiser will be selected to provide appraisal services to the Commission.

This RFQ provides interested Appraisers with sufficient information to enable them to prepare and submit statements of qualifications for consideration by the Commission to satisfy a need for appraisal services. Appraisers wishing to be considered for inclusion in the pool(s) should respond to this RFQ in all respects.

The Commission reserves the right to retain Appraisers who are not included in the pool(s) to provide appraisal services. Such selection may be based on complexity and such other factors as the Commission deems, in its sole discretion, relevant.

Following the creation of the pool(s), the Commission reserves the right, in its sole and absolute discretion, to add or remove Appraisers from the pool(s) at any time.

I-2. Background.

The Turnpike System

The present system is composed of the following: a 359 mile Turnpike Mainline traversing the southern portion of Pennsylvania from east to west, a 110 mile north south section identified as the Northeast Extension, a 16 mile north south connection, known as the Beaver Valley Expressway which intersects the Turnpike Mainline in the southwestern portion of the Commonwealth, the 13 mile Amos K. Hutchinson Bypass, which adjoins the Turnpike Mainline near the New Stanton Interchange, a 48 mile section of the Mon/Fayette Project, and the first 6-mile section of the Southern Beltway, the Findlay Connector, near Greater Pittsburgh International Airport. When completed, the Mon/Fayette Expressway will extend 65 miles from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh and the Southern Beltway Expressway will extend 32 miles from Interstate Route 376 near the Greater Pittsburgh International Airport to the Mon/Fayette Expressway near Finleyville.

The Pennsylvania Turnpike System has a total of 79 interchanges which connect it with major arteries and population centers in its 552 mile traffic corridor. Thirty-two of the interchanges are located on the Turnpike Mainline, 11 interchanges are situated on the Northeast Extension, and 36 interchanges on the western extensions. The Turnpike system contains 68 toll plazas which are predominantly at the interchanges, with 14 barrier tolling points. There are 17 service plazas along the Pennsylvania Turnpike System providing gasoline and diesel fuel, other automotive supplies and services, and restaurant services.

I-3. Issuing Office. This RFQ is issued for the Commission by the Office of Chief Counsel. All questions regarding this RFQ must be directed to the Commission pursuant to the process identified in Section I-10 below. No questions will be addressed except through such process.

I-4. Scope. This RFQ contains instructions governing the statements of qualifications to be submitted and the material to be included therein; a description of the service to be provided; requirements which must be met to be eligible for consideration; general evaluation criteria; and other requirements to be met by each statement of qualifications.

I-5. Problem Statement.

A. General Description

The Commission is soliciting statements of qualifications from Appraisers for the purpose of creating a pool or pools of qualified firms to provide appraisal services for the appraisal of real estate both generally and pursuant to the requirements of the Pennsylvania Eminent Domain Code, as well as appraisal services for the appraisal of machinery, equipment and inventory for the Commission as necessary. Such selection may be made with or without the issuance of a subsequent Request for Qualifications with respect to a specific transaction.

The Commission does not intend to name all Appraisers that could potentially be deemed “qualified” to the pool(s), but rather intends to select those firms that best meet the Commission’s selection criteria, as identified in Section III-3 of this RFQ.

B. Requested Services

Appraisal Services: Real Estate; and, Machinery, Equipment and Inventory

I-6 Type of Contract. It is proposed that if a contract is entered into as a result of this RFQ, work will be assigned on an open-end contract basis with work being subsequently assigned through solicitations for proposals. The Commission may in its sole discretion undertake negotiations with Respondents whose proposals, in the judgment of the Issuing Office, show them to be qualified, responsible, responsive and capable of performing the work. Please note that inclusion in the pool of Respondents selected as a result of this RFQ does not guarantee or provide assurances that a Respondent will be assigned any specific, minimum number or specific monetary amount of work during the contract duration.

I-7. Contractor Integrity Provisions. Contractor Integrity Provisions will apply to this contract upon award and the awarded vendor may be required to complete a Background Qualifications Questionnaire prior to entering into an Agreement with the Commission and attend annual ethics training provided by the Commission. Proposers can find these two documents on the Commissions website at www.paturnpike.com (Doing Business, General Information, Integrity Provisions).

Include full disclosure of any potential conflict with the State Adverse Interest of State Advisor or Consultant Statute by the prime or any subconsultant. If there is no adverse interest you shall include the following statement: "I have reviewed the State Adverse Interest Statute and determined that there is no adverse interest for anyone on this Agreement team." This information should be included in your transmittal letter/cover page or executive summary.

I-8. Rejection of Statements of Qualifications. The Commission reserves the right to reject any and all Statements of Qualifications received as a result of this request.

I-9. Subcontracting. Any use of subcontractors by a Respondent must be identified in the Statement of Qualifications. During the contract period use of any subcontractors by the selected Respondent, which were not previously identified in the Statement of Qualifications, must be approved in advance in writing by the Commission.

I-10. Incurring Costs. The Commission is not liable for any costs incurred by Respondents in their preparation and submission of Statements of Qualifications, in participating in the RFQ process or in anticipation of award of appraisal opportunities.

I-11. Questions and Answers. Written questions may be submitted to clarify any points in the RFQ which may not have been clearly understood. Written questions should be submitted via email to RFP-Q@paturnpike.com with **RFQ 17-10190-7876** in the subject line to be received no later than **2:00 p.m., local time, Thursday, August 3, 2017**. It is the responsibility of all Respondents to periodically check the website for any new information or addenda to the RFQ.

The Commission may revise a published advertisement. If the Commission revises a published advertisement less than ten days before the RFQ due date, the due date will be extended to maintain the minimum ten-day advertisement duration if the revision alters the project scope or selection criteria. Respondents are responsible to monitor advertisements/addenda to ensure the submitted Statement of Qualifications complies with any changes in the published advertisement.

Respondents mailing submissions should allow sufficient delivery time to ensure timely receipt of their Statements of Qualifications. If the Commission office location to which submissions are to be delivered is closed on the Statement of Qualifications response date, due to inclement weather, natural disaster, or any other cause, the deadline for submission shall be automatically extended until the next Commission business day on which the office is open. Unless the Respondents are otherwise notified by the Commission, the time for submission of Statements of Qualifications shall remain the same.

The Respondent shall present the Statements of Qualifications to the Contracts Administration Department only. No other distribution of Statements of Qualifications will be made by the Respondent. Each Statement of Qualifications page should be numbered for ease of reference.

An official authorized to bind the Respondent to its provisions must sign the Statement of Qualifications. For this RFQ, the Statements of Qualifications must remain valid for at least 120 calendar days. Moreover, the contents of the Statement of Qualifications of the selected Respondent will become contractual obligations if a contract is entered into.

I-17. Statements of Qualifications Contents. Statements of Qualifications will be held in confidence and will not be revealed or discussed with competitors, unless disclosure is required to be made (i) under the provisions of any Commonwealth or United States statute or regulation; or (ii) by rule or order of any court of competent jurisdiction. All material submitted with the statement becomes the property of the Commission and may be returned only at the Commission's option. Statements of Qualifications submitted to the Commission may be reviewed and evaluated by any person other than competing Respondents at the discretion of the Commission. The Commission has the right to use any or all ideas presented in any response. Selection or rejection of the responding firm does not affect this right.

In accordance with the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. § 67.707 (Production of Certain Records), Respondents shall identify any and all portions of their Statement of Qualifications that contains confidential proprietary information or is protected by a trade secret. Statements of Qualifications shall include a written statement signed by a representative of the company/firm identifying the specific portion(s) of the response that contains the trade secret or confidential proprietary information.

Respondents should note that "trade secrets" and "confidential proprietary information" are exempt from access under Section 708(b)(11) of the RTKL. Section 102 defines both "trade secrets" and "confidential proprietary information" as follows:

Confidential proprietary information: Commercial or financial information received by an agency: (1) which is privileged or confidential; **and** (2) the disclosure of which would cause substantial harm to the competitive position of the person that submitted the information.

Trade secret: Information, including a formula, drawing, pattern, compilation, including a customer list, program, device, method, technique or process that: (1) derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; **and** (2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software by an agency under a licensing agreement prohibiting disclosure.

65 P.S. §67.102 (emphasis added).

The Office of Open Records has determined that a third party must establish a trade secret based upon factors established by the appellate courts, which include the following:

- the extent to which the information is known outside of his business;
- the extent to which the information is known by employees and others in the business;
- the extent of measures taken to guard the secrecy of the information;
- the value of the information to his business and to competitors;
- the amount of effort or money expended in developing the information; and
- the ease of difficulty with which the information could be properly acquired or duplicated by others.

See Crum v. Bridgestone/Firestone North Amer. Tire., 907 A.2d 578, 585 (Pa. Super. 2006).

The Office of Open Records also notes that with regard to “confidential proprietary information the standard is equally high and may only be established when the party asserting protection shows that the information at issue is either ‘commercial’ or ‘financial’ and is privileged or confidential, and the disclosure *would* cause substantial competitive harm.” (emphasis in original).

For more information regarding the RTKL, visit the Office of Open Records’ website at www.openrecords.state.pa.us.

I-18. Debriefing Conferences. Respondents whose firms are not selected to be included in the pool or pools will be notified of the name of the selected respondents and given the opportunity to be debriefed, at their request. The Issuing Office will schedule the time and location of the debriefing. The Respondent will not be compared with other respondents.

I-19. News Releases. News releases pertaining to this project will not be made without prior Commission approval, and then only in coordination with the Issuing Office.

I-20. Term of Appointment. The Commission intends that the pool or pools established pursuant to this request will remain in effect for five (5) years, but reserves the right to extend the term of the pool or pools for up to one (1) five-year period.

I-21. Respondent’s Representations and Authorizations. Each Respondent by submitting its Statement of Qualifications understands, represents, and acknowledges that:

- a. All information provided by, and representations made by, the Respondent are material and important and will be relied upon by the Issuing Office in establishing pools. Any misstatement, omission or misrepresentation shall be treated as fraudulent concealment from the Issuing Office of the true facts relating to the submission of this Statement of Qualifications. A misrepresentation shall be punishable under 18 Pa. C.S. § 4904.
- b. To the best knowledge of the person signing the proposal for the Respondent, the Respondent, its affiliates, subsidiaries, officers, directors, and employees are not currently under investigation by any governmental agency and have not in the last four (4) years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding or proposing on any public contract, except as disclosed by the Respondent in its Statement of Qualifications.
- c. To the best of the knowledge of the person signing the Statement of Qualifications for the Respondent and except as otherwise disclosed by the Respondent, the Respondent has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any state tax liability not being contested on appeal or other obligation of the Respondent that is owed to the Commonwealth.
- d. The Respondent is not currently under suspension or debarment by the Commonwealth, or any other state, or the federal government, and if the Respondent cannot certify, then it shall submit along with the Statement of Qualifications a written explanation of why such certification cannot be made.

- e. Each Respondent, by submitting its Statement of Qualifications, authorizes all Commonwealth agencies to release to the Commission information related to liabilities to the Commonwealth including, but not limited to, taxes, unemployment compensation, and workers' compensation liabilities.
- f. The Respondent has not, under separate contract with the Commission, made any recommendations to the Commission concerning the need for the services described in the RFQ.

I-22. Indemnification. The Proposer shall be responsible for, and shall indemnify, defend, and hold harmless the Commission and its Commissioners, officers, employees, and agents from any claim, liability, damages, losses, causes of action, and expenses, including reasonable attorneys' fees, arising from damage to life or bodily injury or real or tangible personal property caused by the negligence or other tortious acts, errors, and omissions of Proposer, its employees, or its subcontractors while engaged in performing the work of the Agreement or while present on the Commission's premises, and for breach of the Agreement regarding the use or nondisclosure of proprietary and confidential information where it is determined that Proposer is responsible for any use of such information not permitted by the Agreement. The indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Contractor or its subcontractors under Workers' Compensation Acts, Disability Benefits Acts, or other Employee Benefit Act.

I-23. Insurance. Respondent will comply with the Insurance requirements as described in Appendix C - Insurance Specification. Proof of Insurance will be required from respondent if awarded a solicitation.

DIVERSE BUSINESS (DB) REQUIREMENTS

Diverse Business Participation. The Commission is committed to Diverse Business (DB) participation on competitive contracting opportunities. Firms or entities that have not previously performed work or provided services to the Commission are encouraged to respond to the solicitations. RFPs may include DB participation as part of the criteria for the evaluation of proposals, and the Commission may consider DB participation as a selection factor.

Minimum Participation Level (MPL). The minimum participation level (MPL) for the inclusion of DBs will be established in the RFP/advertisement as a percentage.

(a) General Requirements. Section 303 of Title 74 of the Pennsylvania Consolidated Statutes, 74 Pa.C.S. § 303, requires proposer on contracts funded pursuant to the provisions of Title 74 (Transportation) and 75 (Vehicle Code) administered and issued by the Commission to make Good Faith Efforts to solicit subconsultants that are Diverse Businesses (DBs) as defined in Section 303. The DB requirements of Section 303 apply to this contract.

Section 303 requires proposers to make Good Faith Efforts, as described below, to solicit subconsultants that are DBs during the proposal process to maximize participation of DBs in competitive contracting opportunities.

The Commission is committed to participation by DBs and will enforce the requirements of Section 303 and this section. Failure to make Good Faith Efforts and demonstrate such Good Faith Efforts in the solicitation of subconsultants may result in the proposer being declared ineligible for the contract.

Proposers shall document and submit to the Commission all Good Faith Efforts, as described in this section, to solicit subconsultants that are DBs during the solicitation process.

Proposers are encouraged to utilize and give consideration to consultants offering to utilize DBs in the selection and award of contracts.

Proposers shall not discriminate on the basis of gender, race, creed or color in the award and performance of contracts in accordance with 62 Pa.C.S. §3701.

Failure to comply with the requirements of Section 303 or this specification may result in the imposition of sanctions as appropriate under section 531 of the Procurement Code, 62 Pa.C.S. § 531 relating to debarment and suspension.

The Commission's Director of the Office of Diversity and Inclusion, or designee, is designated the Responsible Official who shall supervise the DB program and ensure that the Commission complies with the DB program.

(c) Actions Required by Proposer during the procurement/consultant selection phase

1. Submission Requirements – Consultant Responsiveness.

- a. **Minimum Participation Level (MPL) Documentation** - If the documentation submitted with the proposal demonstrates that the proposer has identified DBs sufficient to meet the MPL established for this contract, the proposer will be deemed to have satisfied the DB requirement during this phase. The proposer is required to provide the business name and business address of each DB and supporting documentation that includes proof of certification.

If the consultant’s proposal demonstrates the consultant’s inability to meet the MPL established for this contract, the proposer shall demonstrate Good Faith Efforts with its proposal. Failure to submit the required documentation demonstrating Good Faith Efforts as further described below with the proposal may result in a rejection of the proposal.

- b. If no MPL has been established for this contract, the proposer is required to either provide a statement of intent that it will self-perform 100% of the work for the agreement, or demonstrate Good Faith Efforts to solicit subconsultants that are DBs. In either case documentation shall be provided with the proposal.

Failure to submit the required information identified above with the proposal may result in a rejection of the proposal.

2. Good Faith Effort Requirements: The documentation of Good Faith Efforts must include the business name and business address of each DB considered. Supporting documentation must also include proof of certification and any explanation of Good Faith Efforts the proposer would like the Commission to consider. Any services to be performed by a DB are required to be readily identifiable to the agreement. Good Faith efforts are demonstrated by seeking out DB participation in the project given all relevant circumstances. The Commission requires the proposer to demonstrate more than Pro Forma Efforts. Evidence of Good Faith Efforts includes, but is not limited to:

- a. Consultant solicits through all reasonable and available means the interest of all certified DBs with the capacity to perform the scope of work set forth in the agreement.
- b. The proposer must provide written notification at least 5 business days before proposals are due to allow the DBs to respond to the solicitation.
- c. The proposer must determine with certainty if DBs are interested by taking appropriate steps to follow up initial solicitations.
- d. The proposer must make efforts to select portions of the work to be performed by DBs to include, where appropriate, breaking out contract work into economically feasible units to facilitate DB participation;
- e. It is the proposer's responsibility to make a portion of the work available to DBs and, to select those portions of the work, so as to facilitate DB participation.
- f. The proposer shall provide evidence of such negotiations that include the names, addresses, and telephone numbers of DBs considered; A description of the information provided regarding the required work and services for the work selected for subconsultants; and evidence as to why additional agreements could not be reached for DBs to perform the work.
- g. Proposers cannot reject or withhold solicitation of DBs as being unqualified without sound reasons based on a thorough investigation of their capabilities.
- h. The DB's standing within its industry, membership in specific groups, organizations or associations and political or social affiliations (for example union v. non-union employee status) are not legitimate causes for the rejection or non-solicitation of proposals in the proposer's efforts to meet the Good Faith Efforts requirement.
- i. Efforts to assist interested DBs in obtaining bonding, lines of credit or insurance.

3. Actions Taken by the Commission. As part of the proposal review process, the Commission will review the submissions to determine whether the proposer has complied with Section 303 and this requirement in the selection of DB subconsultants. The Commission will determine whether the proposer has either met the MPL or provided acceptable documentation as noted above. The Commission reserves the right to contact proposers for clarification during the review and negotiation process.

If the Commission determines that the proposer has failed to either meet the MPL or provide acceptable documentation as noted above, the proposal may be rejected.

(d) Consultant Requirements During Performance of Services.

1. Replacement of a DB Subconsultant. Consultant must continue good faith efforts through completion of the contract. The obligation to make Good Faith Efforts to solicit subconsultants for any type of service extends to additional work required for any service which is identified to be performed by a DB. If at any time during the performance of the work, it becomes necessary to replace or add a subconsultant that is a DB, the consultant, as appropriate, shall immediately notify the Commission and seek approval in writing in accordance with the Agreement of the need to replace the DB, which notice shall include the reasons for the replacement. If a prime consultant who originally indicated that it would self-perform all work subsequently decides to use a subconsultant for any work under the contract, the consultant must submit documentation of all Good Faith Efforts as to the work for which a subconsultant is obtained.

2. Records. Maintain project records as are necessary to evaluate DB compliance and as necessary to perform the reporting function addressed below. Maintain all records for a period of 3 years following acceptance of final payment. Make these records available for inspection by the Commission, its designees or agents. These records should indicate:

2.a. The number of DB and non-DB subconsultants and the type of services performed on or incorporated in this project.

2.b. The progress and efforts made in seeking out DB subconsultant organizations and individual DB consultants for work on this project to increase the amount of DB participation and/or to maintain the commitments made at the time of the proposal to DBs.

2.c. Documentation of all correspondence, contacts, telephone calls, and other contacts made to obtain the service of DBs on this project.

3. Reports. Maintain monthly reports and submit reports as required by the Commission concerning those contracts and other business executed with DBs with respect to the records referred to in subsection (e)2. above in such form and manner as prescribed by the Commission. At a minimum, the Reports shall contain the following:

3.a The number of Contracts with DBs noting the type of services provided, including the execution date of each contract.

3.b The amounts paid to each DB during the month, the dates of payment, and the overall amounts paid to date. If no payments are made to a DB during the month, enter a zero (\$0) payment.

3.c Upon request and upon completion of individual DB firm's work, submit paid invoices or a certification attesting to the actual amount paid. In the event the actual amount paid is less than the award amount, a complete explanation of difference is required.

4. Subconsultant Contracts

4.a. Subcontracts with DB firms will not contain provisions waiving legal rights or remedies provided by laws or regulations of the Federal Government or the Commonwealth of Pennsylvania or the Commission through contract provisions or regulations.

4.b. Prime consultant will not impose provisions on DB subconsultants that are more onerous or restrictive than the terms of the prime's contract with non-DBs.

4.c. Executed copies of subcontracts/purchase orders are to be received by the Commission before the commencement of work by the DB.

5. Payments to DB Subconsultants. Payments to DBs are to be made in accordance with the prompt payment requirements of Chapter 39, Subchapter D of the Procurement Code, 62 Pa.C.S. §3931 et seq. Performance of services by a DB subconsultant in accordance with the terms of the contract entitles the subconsultant to payment.

(e) Actions to be Taken by Commission After Performance of Services. Following completion of the Consultant's services, the Director of the Commission's Office of Diversity and Inclusion or his/her designee will review the overall DB participation to assess the Consultant's compliance with Section 303 and this contract. Appropriate sanctions may be imposed under 62 Pa.C.S. § 531 (relating to debarment or suspension) for a Consultant's failure to comply with Section 303 and the requirements of the contract.

PART I

GENERAL INFORMATION

I-1. Purpose. The Pennsylvania Turnpike Commission (Commission) seeks to retain the services of one or more Appraisers or Appraisal Firms experienced in the appraisal of real estate both generally and pursuant to the requirements of the Pennsylvania Eminent Domain Code, as well as Appraisers or Appraisal Firms experienced in the appraisal of machinery, equipment and inventory (Appraisers). Through this Request for Qualifications (RFQ) process, the Commission seeks to appoint a pool or pools of Appraisers who will be available to provide such appraisal services as needed from time to time. Please note that inclusion in the pool does not guarantee or provide assurances that an Appraiser will be selected to provide appraisal services to the Commission.

This RFQ provides interested Appraisers with sufficient information to enable them to prepare and submit statements of qualifications for consideration by the Commission to satisfy a need for appraisal services. Appraisers wishing to be considered for inclusion in the pool(s) should respond to this RFQ in all respects.

The Commission reserves the right to retain Appraisers who are not included in the pool(s) to provide appraisal services. Such selection may be based on complexity and such other factors as the Commission deems, in its sole discretion, relevant.

Following the creation of the pool(s), the Commission reserves the right, in its sole and absolute discretion, to add or remove Appraisers from the pool(s) at any time.

I-2. Background.

The Turnpike System

The present system is composed of the following: a 359 mile Turnpike Mainline traversing the southern portion of Pennsylvania from east to west, a 110 mile north south section identified as the Northeast Extension, a 16 mile north south connection, known as the Beaver Valley Expressway which intersects the Turnpike Mainline in the southwestern portion of the Commonwealth, the 13 mile Amos K. Hutchinson Bypass, which adjoins the Turnpike Mainline near the New Stanton Interchange, a 48 mile section of the Mon/Fayette Project, and the first 6-mile section of the Southern Beltway, the Findlay Connector, near Greater Pittsburgh International Airport. When completed, the Mon/Fayette Expressway will extend 65 miles from Interstate Route 68 in West Virginia to Interstate Route 376 near Pittsburgh and the Southern Beltway Expressway will extend 32 miles from Interstate Route 376 near the Greater Pittsburgh International Airport to the Mon/Fayette Expressway near Finleyville.

The Pennsylvania Turnpike System has a total of 79 interchanges which connect it with major arteries and population centers in its 552 mile traffic corridor. Thirty-two of the interchanges are located on the Turnpike Mainline, 11 interchanges are situated on the Northeast Extension, and 36 interchanges on the western extensions. The Turnpike system contains 68 toll plazas which are predominantly at the interchanges, with 14 barrier tolling points. There are 17 service plazas along the Pennsylvania Turnpike System providing gasoline and diesel fuel, other automotive supplies and services, and restaurant services.

I-3. Issuing Office. This RFQ is issued for the Commission by the Contracts Administration Department on behalf of the Office of Chief Counsel. All questions regarding this RFQ must be directed to the Commission pursuant to the process identified in Section I-10 below. No questions will be addressed except through such process.

I-4. Scope. This RFQ contains instructions governing the statements of qualifications to be submitted and the material to be included therein; a description of the service to be provided; requirements which must be met to be eligible for consideration; general evaluation criteria; and other requirements to be met by each statement of qualifications.

I-5. Problem Statement.

A. General Description

The Commission is soliciting statements of qualifications from Appraisers for the purpose of creating a pool or pools of qualified firms to provide appraisal services for the appraisal of real estate both generally and pursuant to the requirements of the Pennsylvania Eminent Domain Code, as well as appraisal services for the appraisal of machinery, equipment and inventory for the Commission as necessary. Such selection may be made with or without the issuance of a subsequent Request for Qualifications with respect to a specific transaction.

The Commission does not intend to name all Appraisers that could potentially be deemed “qualified” to the pool(s), but rather intends to select those firms that best meet the Commission’s selection criteria, as identified in Section III-3 of this RFQ.

B. Requested Services

Appraisal Services: Real Estate; and, Machinery, Equipment and Inventory

Please note that inclusion in the pool of Respondents selected as a result of this RFQ does not guarantee or provide assurances that a Respondent will be assigned any specific, minimum number or specific monetary amount of work during the contract duration.

I-7. Contractor Integrity Provisions. Contractor Integrity Provisions will apply to this contract upon award and the awarded vendor may be required to complete a Background Qualifications Questionnaire prior to entering into an Agreement with the Commission and attend annual ethics training provided by the Commission. Proposers can find these two documents on the Commissions website at www.paturnpike.com (Doing Business, General Information, Integrity Provisions).

During the contract period use of any subcontractors by the selected Respondent, which were not previously identified in the Statement of Qualifications, must be approved in advance in writing by the Commission.

I-10. Incurring Costs. The Commission is not liable for any costs incurred by Respondents in their preparation and submission of Statements of Qualifications, in participating in the RFQ process or in anticipation of award of appraisal opportunities.

I-11. Questions and Answers. Written questions may be submitted to clarify any points in the RFQ which may not have been clearly understood. Written questions should be submitted via email to RFP-Q@paturnpike.com with **RFQ 17-10190-7876** in the subject line to be received no later than **2:00 p.m., local time, Monday, November 6, 2017**. No questions regarding the RFQ will be addressed except through this process.

I-12. Addenda to the RFQ. If it becomes necessary to revise any part of this RFQ before the response date, addenda will be posted to the Commission's website under the original RFQ document. It is the responsibility of all Respondents to periodically check the website for any new information or addenda to the RFQ.

The Commission may revise a published advertisement. If the Commission revises a published advertisement less than ten days before the RFQ due date, the due date will be extended to maintain the minimum ten-day advertisement duration if the revision alters the project scope or selection criteria. Respondents are responsible to monitor advertisements/addenda to ensure the submitted Statement of Qualifications complies with any changes in the published advertisement.

I-13. Response. To be considered, Statement of Qualifications must be delivered to the Pennsylvania Turnpike Commission's Contracts Administration Department, Attention: Wanda Metzger, on or before **2:00 PM local time on Monday, November 20, 2017**. Respondents mailing submissions should allow sufficient delivery time to ensure timely receipt of their Statements of Qualifications. If the Commission office location to which submissions are to be delivered is closed on the Statement of Qualifications response date, due to inclement weather, natural disaster, or any other cause, the deadline for submission shall be automatically extended until the next Commission business day on which the office is open. Unless the Respondents are otherwise notified by the Commission, the time for submission of Statements of Qualifications shall remain the same.

I-14. Statements of Qualifications. To be considered, Respondents should submit a complete response to this RFQ, using the format provided in PART II. Each Statement of Qualifications should be submitted in five (5) hard copies of the Technical Submittal. For submissions, the body (in response to Part II-D – II-F) of the proposal shall not exceed twenty (20) pages of 12-point type, excluding required tables and appendices.

I-16. Discussions for Clarification. Respondents who submit Statements of Qualifications may be required to make an oral or written clarification of their Statements of Qualifications to the Issuing Office to ensure thorough mutual understanding and Respondent responsiveness to the solicitation requirements. The Issuing Office through the Contracts Administration Department will initiate requests for clarification.

I-17. Statements of Qualifications Contents. Statements of Qualifications will be held in confidence and will not be revealed or discussed with competitors, unless disclosure is required to be made (i) under the provisions of any Commonwealth or United States statute or regulation; or (ii) by rule or order of any court of competent jurisdiction. All material submitted with the statement becomes the property of the Commission and may be returned only at the Commission's option. Statements of Qualifications submitted to the Commission may be reviewed and evaluated by any person other than competing Respondents at the discretion of the Commission. The Commission has the right to use any or all ideas presented in any response. Selection or rejection of the responding firm does not affect this right.

In accordance with the Pennsylvania Right-to-Know Law (RTKL), 65 P.S. § 67.707 (Production of Certain Records), Respondents shall identify any and all portions of their Statement of Qualifications that contains confidential proprietary information or is protected by a trade secret. Statements of Qualifications shall include a written statement signed by a representative of the company/firm identifying the specific portion(s) of the response that contains the trade secret or confidential proprietary information.

Respondents should note that "trade secrets" and "confidential proprietary information" are exempt from access under Section 708(b)(11) of the RTKL. Section 102 defines both "trade secrets" and "confidential proprietary information" as follows:

Confidential proprietary information: Commercial or financial information received by an agency: (1) which is privileged or confidential; **and** (2) the disclosure of which would cause substantial harm to the competitive position of the person that submitted the information.

Trade secret: Information, including a formula, drawing, pattern, compilation, including a customer list, program, device, method, technique or process that: (1) derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use; **and** (2) is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software by an agency under a licensing agreement prohibiting disclosure.

65 P.S. §67.102 (emphasis added).

The Office of Open Records has determined that a third party must establish a trade secret based upon factors established by the appellate courts, which include the following:

- the extent to which the information is known outside of his business;
- the extent to which the information is known by employees and others in the business;
- the extent of measures taken to guard the secrecy of the information;
- the value of the information to his business and to competitors;
- the amount of effort or money expended in developing the information; and
- the ease of difficulty with which the information could be properly acquired or duplicated by others.

See Crum v. Bridgestone/Firestone North Amer. Tire., 907 A.2d 578, 585 (Pa. Super. 2006).

The Office of Open Records also notes that with regard to “confidential proprietary information the standard is equally high and may only be established when the party asserting protection shows that the information at issue is either ‘commercial’ or ‘financial’ and is privileged or confidential, and the disclosure *would* cause substantial competitive harm.” (emphasis in original).

For more information regarding the RTKL, visit the Office of Open Records’ website at www.openrecords.state.pa.us.

- c. To the best of the knowledge of the person signing the Statement of Qualifications for the Respondent and except as otherwise disclosed by the Respondent, the Respondent has no outstanding, delinquent obligations to the Commonwealth including, but not limited to, any state tax liability not being contested on appeal or other obligation of the Respondent that is owed to the Commonwealth.
- d. The Respondent is not currently under suspension or debarment by the Commonwealth, or any other state, or the federal government, and if the Respondent cannot certify, then it shall submit along with the Statement of Qualifications a written explanation of why such certification cannot be made.

The indemnification obligation shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Contractor or its subcontractors under Workers' Compensation Acts, Disability Benefits Acts, or other Employee Benefit Act.
